

Annexe to the study plans of the Faculty of
Science and Medicine

Transitional provisions

Geography

Applicable from the academic year
2026-2027

Accepted by the Faculty of Science and Medicine on 13.04.2026

Transitional provisions 2026-2027

These transitional provisions concern students whose following reference programme is in a study plan prior to 2026:

- **Master of Science in Geography**, option *Dynamics in Glaciology and Geomorphology* / option *Nature, Society and Politics* (120 ECTS)
- **Specialised Master of Science in Dynamics in Glaciology and Geomorphology** (120 ECTS)
- **Specialised Master of Science in Nature, Society and Politics** (120 ECTS)
- **Minor Geography +30 for teaching / DEEM** (30 ECTS)

Changes to courses

The student who has to take a UE from the table below according to his study plan replaces it with the corresponding UE.

UE according to old study plan			ECTS	UE according to new study plan			ECTS
SGG.00425	Data and methods for environmental analysis		3	SGG.00447	Data and methods for environmental analysis		5
SGG.00444	Alpine cryosphere		3	SGG.00455	Alpine cryosphere		5
SGG.00445	Mountain geomorphology		3	SGG.00456	Mountain geomorphology		5
SGG.00448	Modelling of glaciers and permafrost		3	SGG.00457	Modelling of glaciers and permafrost		5
SGG.00471	New approaches in human geography		3	SGG.00490	New approaches in human geography		5
SGG.00484	Social theories (seminar)		3	SGG.00488	Social theories (seminar)		5
SGG.00486	Advanced social research methods		3	SGG.00489	Advanced social research methods		5

Changes to validation packages

Students who have successfully completed their first validation package (30 ECTS in the 25/26 programme) will stay in the study plan 25/26.

Students who have not yet successfully completed their first validation package (30 ECTS in the 25/26 programme) but who have already taken all compulsory courses of the following list (at 3 ECTS) will stay in the study plan 25/26: SGG.00425, SGG.00444, SGG.00445, SGG.00448, SGG.00471, SGG.00484.

Students who have not yet successfully completed their first validation package (30 ECTS in the 25/26 programme) and who still need to take at least one compulsory course of the following list will be transferred to the new study plan 26/27: SGG.00425, SGG.00444, SGG.00445, SGG.00448, SGG.00471, SGG.00484.

Students who have not yet successfully completed their first validation package (30 ECTS in the 25/26 programme) are asked to analyse their personal situation and to contact the study advisor to determinate which conditions apply to them.

Assessment of courses

The student who has made an insufficient first attempt will register for the second attempt in the old UE, **upon request to the study advisor**.
